

ABOUT JSS ACADEMY

JSS Academy, Mauritius, was established in 2006 to meet the ever-growing demand for trained professionals for industries and other organisations.

JSS Academy is located on a sprawling 8-acre campus of self-owned freehold property at Bonne Terre, Vacoas, Mauritius.

The campus includes a total built up area of more than 14,000 sqm and also has on-campus student and staff residential facilities – the only one in Mauritius.

JSS Academy operates JSSAHERM, a degree awarding institution registered with the Higher Education Commission (HEC); which is a cloning of its parent institution from India (JSS AHER, Mysuru, formerly known as the JSS University), ranked by the 2019 Times Higher Education (THE) Rankings among top 500 Universities globally (in the rank 401-500) and with a subject ranking in the 251-300 band - category of Clinical, Preclinical and Health, which includes Medicine, Dentistry, Pharmacy and Allied Health Sciences.

JSS Academy is also affiliated to Iowa Wesleyan University, USA and is an approved learning centre for the City & Guilds of London Institute, UK.

Both the parent and the local institutions operate under the aegis of JSS Mahavidyapeetha (JSSMVP), one of the largest education providers in India, offering education in various fields including engineering, medicine, dental, pharmacy, naturopathy, nursing, law, management, pure sciences, arts, commerce, vocational and spiritual education.

It has more than 330 institutions, with a total student population over 50,000 and a staff strength over 12,000 and with an international presence in Dubai, Mauritius and the USA.

VISION, MISSION, AIMS AND OBJECTIVES

Vision

"To be a world class centre of excellence in the Indian Ocean to enhance quality of life for the benefit of Society in diverse nations through education, training, research and innovation."

Mission

"To provide students with an outstanding quality and innovative education and training, based on research and personality development."

Aims

- To create an excellent educational environment of high standards in Mauritius
- To impart an outstanding quality tertiary level education and training to Mauritians and students in the region.
- To provide education at affordable costs to Mauritians and students in the region
- To be the forerunner in developing a very good academic infrastructure for the progress of people of Mauritius.
- To set up a Science and Technology Entrepreneurs Park (STEP) to provide value added programmes and services for the students, unemployed youth, working professionals and aspiring entrepreneurs in Mauritius and the African region.

Objectives

- Increase and widen access to students in Mauritius and from other countries
- Achieve high international standards of quality and relevance of programmes offered
- Enhance the orientation capacity, quality and output of Research
- Enhance Student learning Experience
- Achieve good governance, cost effectiveness and financial sustainability

Training Programme on National Certificate Level 4 in Scaffolding

(MQA Approved)

NATIONAL CERTIFICATE LEVEL 4 IN SCAFFOLDING
